

NECTA Festival

Fresh food and snack vending solutions from Kafevend

Festival is not just a vending machine, it's the smart solution to offer catering services 24/7.

- Festival can display a wide range of products from pre-packed sandwiches, fruit, yoghurt and pastries to plated meals (9" Diameter)
- Appetising food correctly preserved in a temperature controlled environment
- Ideal for vending baguettes up to 270mm long
- Two models available offering either 8 or 10 simple loading drums.
- 8 drum model features increased drum height to suit oversized triangular sandwich packs

Contemporary look & easy to use

- Enhanced energy saving mode (class A+ according EVA EMP 3.0)
- Temperature control system blocks vending if safety limit is compromised
- Isolated compartment for payment system with separate access
- Easy vending through simple direct selection push-button service with automatic sliders
- Coin-mech, cashless and bill validator can be fitted on the same machine
- Clear and easy to set electronically displayed pricing

We'll even set it up and show you how it works

Our qualified technicians will professionally install your Festival vending machine and talk you through its key features, including how to clean, re-stock and adjust the pricing. It really is that easy.
