BEVMAX 4

Takes cold drinks vending to the BevMax!

The best has just got even better! The new BevMax 4 from Crane Merchandising Systems (CMS) is a greener, more reliable and technologically advanced merchandising platform that showcases a large variety of product and reliably delivers it to the consumer every time.

Why Choose BevMax 4?

- Market leading product selection to delivery time - the perfect solution for busy vend areas
- Standard capacity, 5 trays, 405 product capacity. Optional configuration of 4 trays, 324 product capacity
- Able to vend 500ml bottles on all trays
- Tall product pushers reduce the risk of product tipping
- Trays are adjustable and free of wiring harnesses, motors or solenoids, ensuring reliable operation
- Dual delivery gates provide a truly shimless vending system. Bottles and cans of different sizes can be loaded and vended without adjusting the set up
- "Fail safe" ramp design encourages dropped bottles to fall into a recessed area ensuring uninterrupted operation
- Door opens 90° flush allowing BevMax 4 to be positioned next to a wall or in a bank of machines

Fast, Smooth Product Delivery System

- Fast and accurate X-Y product delivery mechanism is able to vend virtually any permutation of cans, PET and glass bottles
- Delivery cup smoothly retrieves each vended product with little or no agitation
- The system provides total control throughout the vend cycle, eliminating the possibility of product tipping from the tray during or after the vend.
- Delivery mechanism retracts out of sight in the bottom of the door providing customers with an unobstructed view of all available products.
- Rotating delivery hopper illuminates and opens automatically when a product is dispensed
- Delivery port is vandal resistant, preventing pilfering from the cabinet.

Large, Illuminated "Shop Window"

The large, illuminated glass front of the BevMax 4, lit by long-life low energy LED lighting, provides consumers with a clear, unobstructed view of all products available, allowing maximum sales impact.

Reduce Your Carbon Footprint

The BevMax 4 is one of the most **energy efficient**, vending machines in the market-place today. It exceeds the Tier 2 Energy Star requirements by over 30% and has achieved an EVA EMP rating of A++!

BevMax 4 also features low energy LED lighting as standard, further enhancing its environmental credentials.

"...look at the added value BevMax 4 delivers..."
